

# ***Annual Report*** **2005**

TO: Police and Fire Commission  
City Manager

I am pleased to present the Eau Claire Police Department's Annual Report for 2005. During 2005, the department carefully considered a shift in philosophy regarding the patrol services that are provided to the Eau Claire community. After reviewing the most current research, obtaining recommendations from various members of the department, and discussing the potential changes with supervisory staff, the department decided to embrace a problem-oriented policing concept.

Problem-oriented policing is a comprehensive strategy to improve the way in which the police department does business. This is also a philosophical change that will require a period of adjustment for the officers that make up the Eau Claire Police Department as well as the community at large. Problem solving is a responsibility of every member of the agency. It requires that police see their role in the community as more than enforcing the criminal law. This is a long-term strategy and not a temporary "program." This change will provide a framework to understand our work in a new light and recognize that we must try to reduce the nagging, repetitive problems that plague the community by eliminating the underlying cause of those problems.

In order to move toward a problem-solving policing model, in January of 2006 we restructured our patrol areas into three main districts and subdivided these districts into smaller geographical "beats." Officers are assigned to these beats for a minimum of one year. This decentralized geographic assignment helps provide for familiarity of recurring problems, ownership for those problems with the assigned officers, and an opportunity to build the relationship between community members and officers in these areas. Officers carry out problem solving by scanning their environment for a persistent problem, analyzing what could be done to eliminate or reduce that problem, responding as necessary, and then evaluating whether the response was effective.

In summary, police can no longer afford to just respond to crime and then document its occurrence. Preventing opportunities for crime and disorder is an essential component of the job. At the same time, we must also recognize that we have limited resources and cannot become involved in every governmental function or we run the risk of over extending our resources. Our challenge is to free up time for officers to work on preventing problems so they can reduce repetitive complaints. Part of this process is to refocus our efforts on those things that police, as a public resource, should actually be involved in. We need to try to streamline our efforts so as to not dilute our effectiveness. If the definition of providing excellent customer service is to never say "no" to any request, then we will not be successful in accomplishing our goals. We must get back to the basics of providing the essential mission of policing while working on community problems where we can actually make a significant difference.

Some of the fundamental goals of the police department are as follows:

- To prevent and control conduct which threatens life and property
- To aid crime victims and protect people from physical harm
- To protect constitutional rights

- To facilitate the movement of people and vehicles
- To assist those that cannot care for themselves
- To help resolve conflicts between individuals and groups
- To identify problems that have the potential for becoming more serious issues
- To create and maintain a feeling of security in the community

It is my belief that this long-term strategy and philosophical change will help the Eau Claire Police Department use its limited resources more effectively as we strive to maintain the high quality of life we enjoy in the Chippewa Valley.

Sincerely,

A handwritten signature in black ink, appearing to read "Jerry Matysik".

Jerry Matysik  
Chief of Police

## 2005 ANNUAL POLICE BUDGET

## **EAU CLAIRE COMBINED COMMUNICATIONS CENTER**

The Eau Claire Communication Center is a countywide 9-1-1 and non-emergency dispatch center staffed by 19 people. The staff is made up of 18 full-time telecommunicators, three of which are working supervisors, and a director. There is a minimum of three telecommunicators on duty at all times. They dispatch for 14 police, fire, and medical agencies. The Telecommunicators meet as a staff or engage in some type of training on a monthly basis.

There were over 58,000 incidents assigned with a law enforcement, fire, or EMS unit being dispatched to each one in the last year. Telecommunicators answered close to 200,000 non-emergency telephone calls that do include cellular 9-1-1. Approximately 15,000 landline 9-1-1 calls were received. In addition, they responded to countless radio calls between the Communication Center and the field units.

Our entire county enjoys the benefits of fully enhanced 9-1-1. The enhanced 9-1-1 system supplies the telecommunicator with a caller's name, address, and telephone number as soon as their 9-1-1 call is answered. There is seven seconds of silence after dialing 9-1-1 before the caller receives any kind of indication that their call has gone through. This is an issue with the telephone companies that we have been working to resolve.

The Communication Center is the base for a countywide system of computers in the squad cars. All seven law enforcement agencies of Eau Claire County, including the Eau Claire Police Department, have laptop computers in their vehicles. They use these computers to check local, state, and national databases for information. The Communication Center is also responsible for distributing the severe weather and tornado watches and warnings to the citizens of Eau Claire County. Along with this, the telecommunicators activate the countywide sirens in the event that a severe thunderstorm or tornado warning is issued.

The Communication Center staff utilizes a computerized version of the EMD (emergency medical dispatch) cards in determining the required level of EMS response and in giving pre-arrival care. Computer technology enhances their ability to provide quality service to the community.

The Communication Center is located in the Eau Claire County courthouse. If for some reason this facility would have to be abandoned, there is a backup Communication Center located in the Eau Claire Department's upper west side fire station.

## **ADMINISTRATIVE SERVICES DIVISION**

The Administrative Services Division is comprised of the Director of Administration, Records Section, Special Services Bureau, Court Services, and the Property/Evidence Section. The functions of these units are as follows:

### **Director of Administration**

- Prepare, manage and allocate the department's \$12 million budget.
- Apply for and manage grant funds.
- Supervise the Records Section, Court Services and Property/Evidence Section.

### **Records Section**

- The receipt, coding, and filing of all police incident reports.
- The receipt and handling of all traffic and criminal-related matters.
- Maintenance of all criminal information records.
- The central resource center for other units within the department seeking records or information necessary for the completion of their activities.
- Serve as first line representatives of the Eau Claire Police Department for all inquiries by citizens for police-related information or documents.

### **Special Services Bureau**

- The coordination of the Eau Claire Area School Safety Patrol, including maintaining a police presence within the schools.
- Development of police programs aimed at younger school-age children dealing with child safety.
- Development and coordination of all training for police officers, including arranging for transportation to distant schools and seminars.
- Production of all in-house videos for use as educational aids for members of the department as well as certain public service agencies.
- Training and maintenance of the Police Reserve Corps (Civilians who serve as auxiliary police officers when needed).
- Cooperate with government and service agencies as well as the public to rectify underlying community problems related to crime.

### **Court Services**

- Assists the City and County prosecution on departmental cases prior to and during court proceedings.
- Acts as a liaison between the prosecutor and the general public for pre-trial matters.
- Advises all personnel of any pertinent changes initiated by either the courts or prosecutors.

### **Property/Evidence Section**

- Maintains control of all evidence and seized property as well as departmental supplies.
- Logs in all property entering the property room.

## **RECORDS DEPARTMENT**

### Administrative Services Division

The Records Section of the Police Department consists of one full-time Records Coordinator, eight full-time Law Enforcement Support Assistants (LESA's), and two part-time Typists.

The above-mentioned personnel are responsible for maintaining any and all incident reports and narratives, photographs, arrest records, juvenile referrals, ordinance and traffic citations, fingerprints, mug shots, accident reports and written warnings generated by the department. These types of contacts generate over 100,000 separate records that must be entered into the Records Management System, currently HTE, by records section personnel.

Responsibilities for LESA's also include knowledge of maintaining and using several other types of computer hardware and software programs which provide for document imaging to store and retrieve incident reports, digital mug shots and incident photographs, Live Scan fingerprinting, software for on-line purchasing of select accident reports, and an on-line parking ticket program.

All LESA's are cross-trained on a regular basis in order to fulfill the job duties as well as being able to process court work for arrestees, doing detective division and patrol division incident report typing and handling public records requests in person, by telephone, or via mail.

*Sadie Deml addresses citizen concerns at the front desk*

## **SPECIAL SERVICES BUREAU**

### **Administrative Services Division**

The Special Services Bureau is comprised of one Lieutenant, three officers, one LESA employee and two grant-funded community outreach positions. Officers in the Special Services Bureau are charged with community relations, school child safety, and training. These titles only scratch the surface of the tasks these officers are responsible for. Other tasks include, child safety seat training and installation, crossing guard program, travel arrangements department wide, equipment accountability and maintenance, the annual report, research, photography, video and photographic editing, home and business security surveys, major crime employee training, department research, training coordination and records, coordination of the Police Reserve Program, and the two community outreach programs. Even this doesn't tell the whole story. The following pages explain each position more in-depth.

McGruff and Officer Todd Heinz  
at National Night Out.

Reserve Captain Jim Mohr and Reserve  
Lieutenant Mike Peterson fingerprinting  
at National Night Out.

### **Special Services Bureau Staff Members**

**Lieutenant Karl Fisher**  
**Safety Education Officer Todd Heinz**  
**LESA Diane LaPoint**

**Community Relations Officer Jack Corey**  
**Training Officer Quin Loshaw**

## **SAFETY EDUCATION OFFICER**

Administrative Services Division

The Safety Education Officer has six primary responsibilities:

- To develop, update, and present educational safety programs to pre-school and elementary school aged children. To provide information to their parents on safety and law enforcement issues.
- To provide training and assistance for the Eau Claire Area School Safety Patrollers. To plan and chaperone special events for the Safety Patrollers.
- Day-to-day supervision of the adult crossing guards.
- To provide information and training to parents and grandparents on child passenger safety.
- To coordinate and implement Safe Routes to School programs in the city.
- To provide general services to the community and police department.

During 2005 the Safety Education Officer gave approximately 212 presentations visiting almost every elementary and pre-elementary aged child in the Eau Claire area at least once. Public and private elementary schools, as well as private businesses supporting child safety education, had the Safety Officer come through their doors. The presentations covered a wide variety of age appropriate subjects. Generally, each age group received the following presentation:

Pre-elementary---	Role of the Police Officer
Kindergarten---	Pedestrian Safety and/or Bus Safety
	Role of the Police Officer
First Grade---	Personal Safety
Second Grade---	Bus Safety and Head (brain) Protection
Third Grade---	Bicycle Safety and Fingerprinting
Fourth Grade---	Retail Theft and Safety Patrol Training
Fifth Grade---	Home Safety
	Personal Safety Update
	Safety Patrol
	Internet Safety

In addition to the above, there were numerous presentations and tours given to organized groups, such as Boy Scouts and Girl Scouts. The Safety Officer worked closely with Eau Claire Student Transit and others in the community to produce very effective presentations. A summer safety camp held in June and hosted by Luther Hospital allows the Safety Officer to give several presentations on personal safety and bicycle safety and to set up a bike rodeo for the participants. Numerous television, radio, and newspaper interviews were done to help publicize safety issues and laws to the citizens of Eau Claire. The Safety Education Officer ran an annual citywide bike rodeo in conjunction with the Doll and Pet Parade, participated in planning the National Night Out On Crime kick off event, held numerous child identification events and was a trainer for Mission Eau Claire.

The Safety Education Officer is a board member of the Eau Claire Area Safety Patrols Inc. There were approximately 600 safety patrollers who were responsible for safely crossing other children to and from school. The patrollers are trained in safety issues and how to file a report. He worked closely with and assists the Eau Claire School District in deciding where to locate patrollers and in dealing with specific traffic problems at individual schools. There were four special events that were organized and chaperoned by the Safety Education Officer: A roller skating party, weeklong trip to Washington D.C., a one day trip to Wisconsin Dells, and a spring picnic. These events are all privately funded and are designed to be both fun and educational for the patrollers.

In addition to the safety patrollers, the Safety Education Officer is responsible for the day-to-day supervision of the Adult Crossing Guards who are employed by the Eau Claire School District. The duties include scheduling, substitutions, payroll, and mediation of difficulties. There were 16 permanent Adult Crossing Guards and 6 substitute guards in 2005. Many schools called on the Safety Officer for help in dealing with problems inside the schools, such as behavior, responsibility, and making appropriate choices. Parking and other safety issues around school buildings are ongoing concerns. The Safety Education Officer helped form Safe S.T.E.P.S. of Eau Claire to work on these issues and implement Safe Routes to School programs.

The Safety Education Officer has been certified as a Child Passenger Safety Seat Technician since 1998 and has worked closely with other certified technicians in Special Services to provide child seat training and information to the public on a daily basis.

The Safety Officer worked closely with the Eau Claire Area Schools, neighboring school districts and law enforcement agencies to implement a Internet safety curriculum throughout the Chippewa Valley.

In 2005, the Safety Education Officer represented the police department in the following organizations:

- Board of Directors for the Eau Claire Area School Safety Patrollers.
- Wisconsin Congress of School Safety Patrollers Advisory Board.
- Member of Safe Kids Chippewa Valley.
- Core member of Eau Claire Safe S.T.E.P.S. committee.

The Safety Education Officer also provides service to the community and police department by:

- Providing parking ticket information and review;
- Preparing safety related news releases;
- Providing information to the public on safety issues, laws and statistics;
- Providing interviews and public service announcements to the media;
- Substituting as court officer when needed;
- Assisting other personnel in Special Services as needed.

## COMMUNITY RELATIONS/CRIME PREVENTION OFFICER

### Administrative Services Division

The Police Community Relations/Crime Prevention Officer is primarily responsible for implementing and maintaining law enforcement and safety related programs. These programs are designed for high school, college, adult, seniors and business audiences in the Eau Claire area. They are typically customized based upon individual needs and/or current events. These are free presentations and are popular within the community. Regular topics include:

- Personal Safety
- Drug Awareness
- Workplace Violence
- Fraud Against the Elderly
- Traffic Safety
- Home Security
- Domestic Violence
- Sexual Assault
- Identity Theft
- Home Security Surveys
- Business Security Surveys

Grant coordination is a major duty of the Community Relations Officer. A Wisconsin state grant—**CLICK IT Or TICKET**—was accepted and used for seat belt and other traffic safety ventures undertaken by the ECPD. Educational training for the public and officers alike was completed with the help of this grant. Officers were able to complete overtime assignments related to traffic enforcement which allowed for high profile / visibility patrols in problematic locations within the city. This became increasingly important with the continuation of major road construction projects in Eau Claire. This year also saw Eau Claire increase to 74% seat belt usage as compared to only 59% just 3 years earlier. Child safety seat programs were very popular in the community throughout the year. These were done in conjunction with the **Chippewa Valley Safe Kids Coalition**. Hundreds of child seats were examined and/or replaced for the purpose of providing our children with the safest environment while being transported on our roadways in the car. This continues to be one of the most sought after services of the Special Services Bureau.

Grants allow for overtime deployments of officers to address traffic safety issues on the roadways of Eau Claire. The use of grant monies allowed for heightened visibility of police on the streets of Eau Claire. These again proved popular with the officers and the citizens as these efforts allowed for concentrated efforts to address specific issues in the city while not impacting on an ever-shrinking budget.

The Community Relations Officer continues to be utilized by both the University and the Technical College for classroom presentations. The Community Relations Officer completed numerous local presentations to thousands of people with the assistance of appropriate coworkers and other resources.

Community Television continues to be a strong resource and willing partner in the furtherance of safety in the community. **EAU CLAIRE'S MOST WANTED** continues to air and draws good response from the community. The Sex Offender notifications are still broadcast with safety suggestions for families as well as safeguarding the civil rights of the released offender. A new show entitled **Safety Without Fear** produced by Donna Fortin (a local child safety advocate) and hosted by the Community Relations Officer began in 2004 covering safety topics for all people without the element of excessive fear. Production continued with new shows every several weeks. This highlights, as well, the value of citizen involvement with the police. Sensible and practical examination of issues surrounding safety is discussed. Topics included Methamphetamine issues, child sexual assault, Sex Offender issues, mental health issues, and suicide. These shows air twice weekly on Community Television and have been well received.

Background checks for city licenses continue to be a large part of the Community Relations Officers time. Eau Claire issues the most bartenders licenses per capita in Wisconsin and all must have background checks completed. Licenses for taxi cab operators and massage practitioners and direct sellers permits are also subjected to background checks. Whenever a background warrants the denial of a license, now the Community Relations Officer argues for the denial instead of the City Attorney's office as had been done in the past. A commission comprised of citizens and city council members hears these denial appeals.

Citizen involvement has been instrumental in the creation of training videos and technical assistance for the department. Studio 1 Productions of Eau Claire (Rick and Mary Ann Wold) has been invaluable in helping organize and configure the studio at the department as well as produce training materials for the department through the Community Relations Officer position. This service is offered and provided without charge out of a true sense of community service.

The Community Relations officer continues to be a flexible resource for the varied needs of the community, able to address questions or concerns as they arise as well as providing proactive efforts relating to community safety.

## **TRAINING SECTION**

### **Special Services Bureau**

The Training Officer has a myriad of responsibilities in the Special Services Bureau. One of the main responsibilities is the coordination of all training that officers receive. The Training Officer locates a variety of training opportunities, obtains administrative approval of the training, makes the arrangements that go along with the training, and updates the training files on all personnel. The Training Officer administers training budgets in excess of \$58,000 annually, including the administrative travel and conference budget.

The Training Officer is responsible for securing all available reimbursements from the State Training and Standards Bureau that is used for officer training. The Training Officer also assists in providing team training and roll call training. Other duties include the following:

- Coordinates all new personnel orientation, exposing them to all the various divisions within the Police Department and a variety of City, County, and State offices and functions that relate to their new position.
- Coordinates the use of the outdoor firearms range and the training room among the many different agencies that use our facility.
- Coordinates the Police Reserve Organization and serves as a liaison between the reserves and the department. The Training Officer meets monthly with both the entire organization and their executive committee. The Training Officer also coordinates training activities at the monthly meetings and monitors the hours that Reserve Officers work in the various capacities at the department.
- Coordinates with the City Treasury Department in the administration of the Police Incentive Pay and academic reimbursement programs.
- Coordinates internship programs with the University of Wisconsin-Eau Claire, Chippewa Valley Technical College, or other educational institutions.
- Coordinate Civilian Volunteer Program.
- Coordinates Police Memorial Day activities.
- Coordinate Police Department Travel.
- Assists with Parking Ticket Mediation.
- Works with the Public Relations and School Safety officers as backup or assistant.
- Assist the Court Officer in their duties.
- Assist Records Personnel.

The Training Officer also provided the following services.

- Twenty-three Presentations.
- Filled in as a School Crossing Guard.
- Performed sixty-five Community Service contacts.
- Investigated case walk in complaints.

During 2005, Eau Claire Police Department Personnel attended 125 specialized training schools and conferences.

**EAU CLAIRE POLICE RESERVE OFFICERS**  
Special Services Bureau

The Eau Claire Police Reserve Corps is a group of community members who have volunteered to assist the department as needed. They represent people from many walks of life. Each officer is required to undergo the Basic Recruit School specified by the Wisconsin Department of Justice and conducted by Chippewa Valley Technical College. The department also provides training, including firearms training at their monthly meetings. The mission of the Reserve Corps is to assist the department with activities as needed. For example, they assist during parades and special events, ride with officers on patrol, and conduct parking ticket mediation, among other tasks. Each reserve officer is required to service a minimum of 96 hours during the year.

**Activity Breakdown for 2005**

<u>Event</u>	<u>Hours Worked</u>	<u>Event</u>	<u>Hours Worked</u>
Parking Ticket Mediation	92.0 hrs.	Children Museum	37.5 hrs.
Background Checks	25.0 hrs.	Doll and Pet Parade	17.0 hrs.
Halloween	38.5	Fingerprinting	19.0 hrs.
Probation Checks	8.0 hrs.	Homecoming	103.5 hrs.
Assist SOS Unit	16.0 hrs.	July 4 Activities	7.0 hrs.
Memorial Day Parade	9.0 hrs.	Department ID Book	35.0 hrs.
Festival in the Pines	45.0 hrs.	Safety Patrol	8.0 hrs.
Car Seat Checks	14.0 hrs.	Robbery Assist	2.5 hrs.
Night Out on Crime	11.0 hrs.	Honor Guard	6.5 hrs.

*The above is just an example of the hours donated by the nine reserve corps members.*

**Patrol – 828 hours**

**Special Events – 218.5 hours**

**Administrative – 311.5 hours**

**Cases handled - 564**

**Total Administrative, Special Event and Patrol Time = 1,358 hours**

**Total Training and Meetings = 1232 hours**

**TOTAL OF ALL HOURS (not including monthly shoots) = 2,638 hours**

**COURT OFFICER**  
Administrative Services Division

**Court Officer John L. Farwell, Jr.**

The Court Officer serves numerous essential functions. He is a liaison between the Police Department and offices of the Eau Claire County District Attorney, Juvenile Intake, Corporation Counsel, Clerk of Courts, City Attorney, State Lab of Hygiene, and area law enforcement agencies. He is the representative for the Police Department with citizens having questions or concerns with citations they have received, and/or procedures that must be followed to properly dispose of their citations.

The Court Officer assists the City Attorneys' office by coordinating all initial appearances in traffic/ordinance court, appearing each Tuesday and Wednesday in the Court Commissioners hearing room. In addition, he prepares files for, and he assists the attorneys in pre-trial conferences, and coordinates witnesses for trials in the court. He is also responsible for documenting all court-related dispositions. When changes in law, statutes, or operating procedures occur, the Court Officer will advise all personnel affected by the revisions.

The following statistics reflect the 2005 forfeiture traffic/ordinance citations that are handled by the city. Citations issued for, or in conjunction with, criminal charges are not included because these citations are handled by the Eau Claire County's District Attorney's office.

Whenever the term default is used, the totals can be added to the guilty totals. A default judgment is granted whenever a person fails to appear in court to answer his/her citation. The court automatically enters a no-contest plea, and gives the defendant between 60 and 365 days to fully pay the forfeiture. The time allotted to pay is dependant on the amount of the forfeiture. If the person fails to pay the forfeiture, an “order to show cause” affidavit is served on the defendant ordering them to appear in court to explain why the forfeiture has not been paid. In 2005, the Eau Claire County Clerk of Courts’ office implemented a “Tax Intercept” program for defendants who have failed to pay their forfeitures. The forfeiture amount is automatically deducted from their state income taxes and is diverted to the Clerk of Courts’ office to satisfy their outstanding debt.

### **2005 Court Totals**

#### **Citations presented in court**

Guilty	627

<b>Total</b>	<b>49</b>

**PROPERTY OFFICER**  
Administrative Services Division

**Property Officer Susan C. Zwiefelhofer**

The Property Officer in the Administrative Services Division of the Eau Claire Police Department is responsible for the secure storage of property that is turned in to, or seized by the Police Department. Property includes lost and found items, evidence from criminal cases, and any vehicles of evidentiary value towed by the Police Department. There are four storage facilities in the City of Eau Claire where property is held. The Property Officer is also responsible for disposition of the stored property. Property is disposed of in the following ways:

- Returned to Owner
- Sent to the Crime Lab
- Sent to other agencies
- Held by the Court
- Sold at the City Auction
- Destroyed
- Converted to Police Department Use

Police Department weapons, equipment, and other supplies are also stored in the Property Section.

## **DETECTIVE DIVISION**

Most investigations in the Detective Division are assigned to detectives after an initial report is completed by a patrol officer who responds to a complaint. A few cases start with detective involvement depending on the nature of the case.

Cases are prioritized by division supervisors and assigned to a detective based on the type of crime and the detective's current caseload. While there are specialty areas within the division, detectives often work cases outside their section assignment based on their availability and the need to get underway with some investigations. The four (4) general crimes section detectives typically work anything other than financial crimes, juvenile crimes, or drug investigations.

Two (2) juvenile section detectives typically work cases where juveniles are either the perpetrators or victims of crimes. Child abuse, neglect, and sexual assault of juveniles are the majority of cases this section investigates.

Four (4) school liaison detectives are assigned to the five secondary schools, one at each high school, and one at a middle school, and the fourth school liaison officer splits his time at the other two middle schools. The police school liaison officers are involved in juvenile investigations, counseling, mentoring, discipline issues, and presentations at their respective schools. They spend each school day on campus unless a major investigation requires them to be used as a resource away from their school. They work shoulder to shoulder with school administration on a daily basis.

Two (2) white collar detectives are responsible for most crimes that are financial in nature. This includes, but is not limited to, frauds, forgeries, embezzlements, internal thefts, counterfeiting, computer crimes, identity thefts, and a wide variety of scams where victims are targeted financially.

One (1) detective is a polygraphist and administers polygraph exams to assist detectives from our agency and surrounding agencies to verify truthfulness of potential suspects.

One (1) detective has historically been assigned to the West Central Drug Task Force to investigate illicit drug activity in west central Wisconsin. The task force is comprised of investigators from several surrounding jurisdictions. Because drug trafficking tends to be fluid in terms of boundaries, this regional approach has been very effective in developing cases and making arrests. In mid-2005, a second officer was assigned to the task force because of the dramatic increase of Methamphetamine seen in the area.

The Detective Division is supervised by one deputy chief, one lieutenant, and two sergeants.

## **PATROL DIVISION**

The uniformed Patrol Division is responsible for emergency and non-emergency response to calls for service within the community. The Division is staffed with one Deputy Chief, three Lieutenants, 10 Sergeants, sixty Patrol Officers, and seven Community Service Officers (Civilian /Part-time).

The Division staffs using the traditional Day, Afternoon, and Midnight shifts. The Patrol Division also assigned 1 sergeant and 5 officers to the Special Operations Section (SOS) and their major focus is on quality of life issues in the community. The SOS team provides a flexible response that can be moved to any area of the community as needed.

The Division assigns an officer to the Patrol Investigator position. This officer is primarily responsible for follow-up investigations involving traffic crashes and ordinance violations. The officer also works with the Code Enforcement Inspector on neighbor disputes.

Two patrol officers were on military leave for all of 2004. Both returned to duty in 2005.

The Community Service Officers (CSO's) are cross-trained in parking and animal control duties. Additionally, the CSO's are assigned to fingerprint and photograph subjects, validate stolen property records, and miscellaneous courier duties.

In addition to calls for service, the Patrol Teams continued to work on community quality of life issues that were noticed during their shifts. The teams worked with neighborhood associations, business and civic groups, and other city departments & government agencies to identify, analyze, and hopefully resolve or at least minimize the issues. The issues worked on included the following:

- Loud Parties/Noise including associated issues of DC, parking, and vandalism
- Public Nuisance in the downtown areas
- Traffic focusing on speed and signal violations on the main highways
- Thefts from Autos
- Graffiti
- Parking focusing on the 3<sup>rd</sup> Ward and Historic Randall Park neighborhoods

The Division started a process in the Fall of 2005 to shift to a Problem-Oriented Policing philosophy which involved some structural changes to be implemented in 2006.

The officers of the Patrol Division stand ready 24-hours a day, 365 days a year to provide quality police services to the community. The patrol officers will continue to be the primary responders to calls for service and in addition offer a patrol-oriented flexible response to community concerns.

## TACTICAL RESPONSE TEAM

The concept of a Tactical Response Team was implemented in the late 1980's. It was recognized at that time, that responses to highly hazardous calls were on the rise. The tactical team responds to calls such as barricaded individuals, hostage situations, and high-risk drug search warrants. Adjusting to a changing environment, the police department implemented the Tactical Response Team.

Members of the Tactical Response Team are chosen for their abilities and motivation, not for their assignments. Therefore, members of the team are assigned various duties throughout the department. The team is made up of a total of 28 members including, hostage negotiators, and a counter sniper unit.

Negotiation is the preferred method of incident resolution; therefore, the team is made up of a number of trained expert negotiators. The long rifle counter sniper team is equipped with state of the art equipment and train many extra hours, in addition to the regular monthly team training. The counter sniper team is a force to be used against an assailant armed with a rifle and this team offers protection to the other team members during call-outs. The remaining members of the team train for a minimum one-day per month, honing their rescue and firearms skills. Each monthly training session includes an element of physical training as well.

Below is a historical view of Tactical Response Team call-outs over the past five years.

	Total Call-outs	Drug Related High Risk Warrants	Other High Risk Warrants	Suicide or Emotionally Disturbed	Dignitary Protection
2001	11	6	2	2	1
2002	19	5	10	4	
2003	9	6	2	1	
2004	23	11	8	2	2
2005	39	23	11	5	

## **K-9 PROGRAM**

### **Patrol Division**

The Police Department has one K-9 Officer and one dog. The Canine is cross-training to do patrol work and drug detection. Uses for K-9 include tracking of individuals, building searches, and drug detection. The K-9 lives with the officer/handler and they work and train together regularly. Our current K-9 officer is Officer Bill Wisener and his K-9 partner is Franko, a black German Shepard. The officer and K-9 also do presentations for civic groups and schools as time permits. Requests should be directed to the Deputy Chief of Patrol at (715) 839-6060.

## **EAU CLAIRE COALITION FOR YOUTH**

### **Special Services Bureau**

The Eau Claire Coalition for Youth is a partnership that brings together major non-profits, educational institutions and city/county department heads to collaborate on services and programs, eliminate duplication and meet the education, recreational, social, prevention and intervention needs of youth and families. Through the Connect for Children Council, we also collaborate on grants that benefit the community.

#### **Networking and Information sharing**

- Twelve networking meetings were held during 2005. The exchange of information resulted in greater collaboration, elimination of duplication, increased sharing of resources, and more efficient programs for youth and families.
- We welcomed into our coalition the new Executive Director from the Hmong Mutual Assistance Association, a new representative from the Family Resource Center, two new AmeriCorps members, and a new Project Forward Coordinator.

#### **Results of Brainstorming Agency Needs**

- Ideas were shared on engaging employees in a walking program.
- Western Dairyland provided transportation support to meet agencies needs.

#### **Public Policy**

- Information was shared on lobbying versus advocacy.
- Update was provided on the concealed carry bill and beer tax increase.

#### **Grants**

- The Project Coordinator co-chaired the monthly meetings for the ELOA grant activities benefiting eight agencies.
- We met on five grant opportunities.
- Alliance for WI Youth grant received for \$10,000 to benefit a non-profit.
- Received the WI Office of Justice Assistance Guiding Good Choices Grant to meet the needs of Hmong families.

#### **America's Promise**

- We met with Chancellor Mash to request that UW-EC house the America's Promise effort in the Service Learning Center; approved with office space provided. Plans completed to form the Advisory Council, identify Student Sector Leaders and Promise Partners.

#### **Youth Alliance**

- We kicked off our Youth Alliance initiative in May. In subsequent meetings, youth members identified a nutrition project as a goal. They held nutrition fair in conjunction with the YMCA's Halloween party. Youth distributed information and demonstrated how to make nutritious snacks.
- A service project was held on April 7<sup>th</sup> to clean up Sundet Park. UW-EC Upward Bound students participated.

- A donation was received from the Morning Optimists to support the Youth Alliance
- Youth Alliance held a spaghetti dinner recruitment open house.
- Project Coordinator requested and received a City of Eau Claire Proclamation that recognizes the value of youth volunteers. Youth were in Council Chambers to receive the Proclamation and a round of applause from Council members.

### **Calendar of Events and Volunteer Needs:**

- We initiated a Calendar of Events to meet agencies needs for volunteers.

### **Additional Activities**

#### **Health & Safety Committee:**

- A half-day workshop was held with Minnesota Collaboratives. We reviewed and compared WI AODA services and programs to those offered in MN, including Sober High Schools and alcohol treatment supported by insurance companies. MN Rule 25 was reviewed.
- Alcohol (AODA) Counseling and Information Resources provided us with a half-day update on available services.
- Judge Stark provided an update on the adult Drug Court.

#### **Marshfield Center for Community Outreach (E. C. Coalition for Youth is the “Key Contact” for Project Forward).**

- Coalition received three AmeriCorps members who will work with agencies throughout the year to get things done in the community.

#### **Partnership for Strong Hmong Families:**

- We continued to collaborate throughout the year to provide support for the new refugees by creating orientation sessions on a variety of topics and recruiting mentor families.
- A workshop was held for Hmong students on the dangers of methamphetamine. There were 70 students in attendance.

#### **Consortium for Substance Abuse Prevention**

- Members participated in the annual Alcohol Screen Day at Oakwood Mall.
- Supported efforts on a community forum on under-age drinking. Information was shared on the school district’s Pride Survey and action steps were created.

#### **Healthy Communities**

- Coordinator participated in Steering Committee meetings and supported the efforts of the Infant & Child Health Action Team.

#### **DARE Rally**

- Youth volunteered at the Rally.

#### **Children’s Mental Health Alliance: (CMHA)**

- Coalition participates on the Steering Committee and supports Action Teams’ efforts. Also provided support to the new MATCH initiative by assisting with resource development.

#### Juvenile Justice Oversight Committee

Coordinator participated in yearlong review of the juvenile justice system culminating in request to County Board to fund Intensive Supervision Position.

#### Regional Prevention Meetings

Attended meetings at DHFS related to regional prevention efforts.

#### State collaborations:

Alliance for Wisconsin Youth.

Northwoods Coalition.

Wisconsin Prevention Network

#### Co-sponsored activities:

1. Community Liaison and Project Coordinator provided Monday afternoon programs for juveniles in the Northwest Regional Juvenile Detention Center. Program focus: The contributions that Hmong have made to our country, our state and our city.
2. Our 11<sup>th</sup> Annual National Night Out on Crime was held on August 2<sup>nd</sup>.
3. Youth talent show at public library.
4. Late Night Adventures at the YMCA were held throughout the year.

## **POLICE CHAPLAIN PROGRAM**

The Eau Claire Police Chaplain Program began in 1998. Police Chaplains are volunteers who serve alongside the officers of the Eau Claire Police Department as they go about their ordinary and extraordinary tasks. Chaplains are a resource to officers who, in the course of their duties, encounter families or persons in crisis and a resource to those in our community whose lives have been broken by violence or tragedy.

Police Chaplains receive in excess of 30 hours of training on a variety of topics, including the role of the Police Chaplain, victim assistance, crisis pastoral care, death notification, confidentiality and privileged communications, police procedures, crime scene investigation, and line of duty injury and death. Chaplains also meet monthly for on-going training and support.

Among the services a chaplain might be requested for include:

- Assisting officers with death notification.
- Assisting family members at homicides and suicides.
- Fatal or serious injury crashes.
- Critical incidents.
- Line of duty injury or death.
- Serving as a resource for personal issues of department personnel, if requested.

The Police Chaplain Advisory Committee provides oversight of the program. The Police Chaplain Liaison and the Head Chaplain provide program coordination. The chaplains carry pagers, have a rotating on-call schedule, and are available on a 24-hour basis. Chaplains are encouraged to ride with officers during their patrol shifts. Chaplains are also encouraged to participate in the life of the Department, being part of the happy times, as well as being present during times of tragedy.

Chaplain Jim Schaefer, Head Chaplain

Chaplain Scott Kirby

Chaplain Sue Ripp

Chaplain Oliver Schultz

Chaplain Barbara Tilkens

Chaplain Steve Rutter

Chaplain Debra Boynton
